Dear Sir/Madam

We are senior pupils who are writing on behalf of King's Park Secondary School Sports Department. Our names are Humza and Pamela; we are two of the team of Sports Captains currently at King's Park Secondary. Our aim is to help out with the school's sports department and come up with projects that may influence pupils throughout the school to take part in more sports. We have a list of projects that we would like to carry out, and these include:

- Murals on the walls within the sports department – this will encourage more pupils to participate in the sports. We feel that if pupils have a more encouraging environment they will hopefully want to take up sports and clubs within the school. The murals will be sports related so therefore will give of a positive feel towards the sports department. For example making murals of famous athletes that have achieved within their sports lets other pupils within the school see that if they take part with positive attitude that they may also be able to achieve a career in the sports industry.
- Swimming Gala – this is a school event that runs every year. It is swimming event that is organised by the sports captains who book out Castlemilk Swimming Pool. Its aim is to help people become more motivated by seeing that sport can be enjoyable.
- Sports Day – this is also an annual event which takes place in summer time when weather is better. The whole school is involved in spectating, organising, or participating. It allows pupils to participate and win medals and gain a sense of achievement.
- Football and Netball Tournaments – These take place at local sports venues. They get teams to work together and participate in sports. They help build up team working skills amongst the pupils taking part. They are very enjoyable events for all everyone who takes part.
- There may also be more projects planned for the near future.

The reason we are writing to you is because we would like your input. Whether you could help with funding to be able to carry out these projects, promote your business, or just want to be involved in making our school sports department a more enjoyable place to be. We want our school to be well known for its sports department participation.

Feel free to contact us by email or by phone after 1600 hours on.
