As you know, King's Park was the only Glasgow secondary school to reach the finals of the Scottish Education Awards 2010 – in the Enterprise and Employability Across Learning category.

At a glittering awards ceremony on 18 June, the overall winner was announced. King's Park didn't win the overall competition, but we were commended for the quality of the work that we do.

Pupils Courtney Wells and David McDonald, and staff Mr Gladman, Mrs Harker and Mr Lonie, attended the ceremony, which was a fantastic celebration of our success.
