

Message from Education Services Partnership with Parents - Additional Support Needs

Glasgow City Council Education Services wants to work in partnership with all parents.

We know that parents whose children need additional support often have concerns, or areas of interest which they want to discuss with us.

We have a core group of parents working with us to represent parents interested in additional support for learning, but we would like to widen this out.

If you would like to be part of a network of parents interested in additional support needs - of any kind - could we ask you to do the following:

- Send us contact details - an email address is easiest for us, but if you don't have an email address, a postal address is fine.
- Send us the name of your child/children and the name of the school/or early years centre they attend.

Can you send these details to Yvette Duffy at:

either yvette.duffy@education.glasgow.gov.uk

or
Yvette Duffy, Education Secretariat
Floor 4, Education Services
Wheatley House
25 Cochrane Street
Glasgow G1 1HL

by the end of January 2012.

We are also planning a conference on additional support needs for parents. This will take place in September 2012, and its focus will be transitions and placement.

We very much hope you will be prepared to be part of this network as it will help us to plan our provision for children who need additional support and also to evaluate how well it is working.

Regards

Margaret McKinlay
Area Education Officer - North East
