

Senior Mentoring Programme

2015-2016

On Monday we launched our mentoring programme. The programme is mainly aimed at supporting pupils who will be sitting 5 or more National 5 exams, or 3 or more Higher exams in the 2016 exam diet. However, the programme is available to all senior pupils.

Pupils will approach staff members and ask them to become their mentors. As a mentor, staff members will meet regularly with the pupils, help them in their organisation and study skills but more importantly support them in their target setting which will help prepare them for their forthcoming exams. The aim is to provide support for pupils both academically by providing very specific, concentrated workshops, but also emotionally and physically by helping pupils manage their workloads and set themselves manageable targets.

We intend to issue senior pupils with a timetable of workshops which will allow them to attend the ones which apply to them, and the subjects that they are studying. We urge you to support us by encouraging your child to attend as many workshops as possible.

Letters were issued to all Senior pupils during an assembly on Monday, however if you require further information please contact the school directly.
